MICHIGAN CHEMISTRY POLICY DAY 2023

Please make plans to join the Michigan Chemistry Council and American Chemistry Council for the 2023 Policy Day at the Capitol.

This event brings together industry leaders with key policymakers to discuss current priorities for the business of chemistry. Legislators and agency leaders (prior speakers have included state Legislative leaders, Governor's office, EGLE Director, MPSC Chair, EPA Region 5 Administrator, and members of Congress) will present valuable updates and take questions and feedback from members. Participants will help shape the MCC and ACC's legislative and regulatory advocacy. Finally, we will host an interactive luncheon in the Capitol to showcase our industry's importance and facilitate conversations with legislators.

Given the change in political control, this is an important opportunity for our industry and we strongly encourage all companies to be represented.

Sponsors and attendees can reach around 150 -200 industry leaders, policymakers, and staff members through this event.

\$350

Policymaker Session Sponsor *(4 Available)*

- Sponsor of a policymaker guest speaker (legislator or agency leader)
- Listed on event signage and promotional materials
- Includes one registration for program, continental breakfast, and luncheon

\$500

Luncheon Showcase Exhibit *(12 Available)*

- 6' exhibit table with linen and skirt, chair
- Listed on signage near vendor area
- Includes two registrations for program, continental breakfast, and luncheon

\$600

Attendee Breakfast Sponsor *(1 Available)*

- Sponsor of morning breakfast for attendees
- Listed on event signage and promotional materials
- Includes two registrations for program, breakfast, and luncheon

\$800

Legislative Luncheon Sponsor *(1 Available)*

- Includes tabletop information in lunch area
- Includes exhibit in luncheon innovation showcase
- Listed on event signage and promotional materials
- Includes three registrations for program, continental breakfast, and luncheon

Chemistry Product Samples

- We are strongly encouraging companies to be represented through a luncheon exhibit and to give out their own chemistry product samples.
- However, we will help distribute product samples for any company unable to host an exhibit.
- We are requesting samples or products that utilize and illustrate member chemistries for distribution to state legislators and other policymakers in attendance
- 100 quantity of each item is requested to be received no later than February 17th
